Dr Travel Tips

- ✔ To scupper those pickpockets place an elastic band around your wallet, it will make it far more difficult for them to remove it without you noticing.
- ✔ Some tips seem obvious but return the best value, this is one. Always retain a cheery disposition wherever you are travelling, you will receive far greater service – a smile is multilingual.
- ✔ If you are travelling on business and you only use your laptop when plugged in to the mains, remove the battery before you travel to reduce the weight.

Are you over 65?

We offer insurance to all ages and would argue that the correct cover is particularly important for pensioners over 65 years of age. We offer competitive insurance cover for travellers up to 79 years of age, including annual multi-trip cover up to age 74 and single-trip travel cover up to age 79.

More than just insurance

At 24DrTravel, we have assembled a comprehensive and informative selection of reference material for travellers. In addition to general information about popular resort destinations, such as the language spoken, currency used, type of power supply and safety of the water supply; you will find advice as to how to plan for your trip, health considerations and how to travel safely. There is information on common diseases encountered when holidaying overseas and the recommended types and timings for the various vaccinations and immunisations required for particular areas.
